HOW MUCH WOOD COULD A...

Pylon Summer 2023.

Pylon Skateboards is excited to share our latest offering of premium quality, Canadian made skateboards. This season we have some amazing Freindly Fire® Artist Series boards featuring artists from both Canada and the USA. Phil "Burrito Breath" Guy teamed up with Alex to work on a new Chalmers model....something to do with postage stamps?

As Pylon Skateboards continues to grow, we have also grown the selection to include some new sizes, shapes and wheelbases.

We will now be offering split drops on boards to help control inventory overstocking and allow for fresh wood to be coming in more often.

This is also a trick in hopes that you buy more boards.

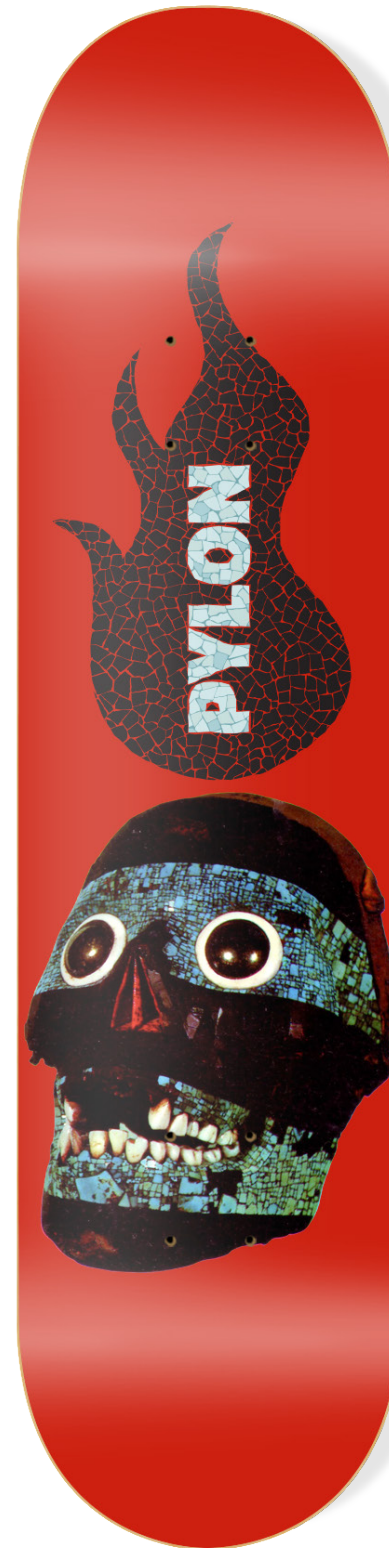

XO.

JAMES ORLANDO

A drawing a day.

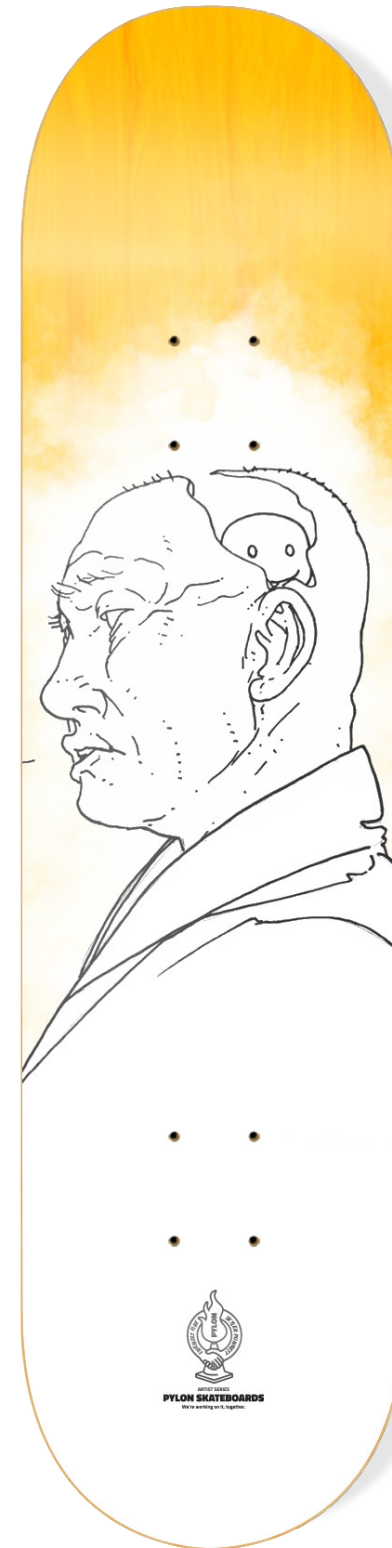

James, a Vancouver-based artist, turns out beautifully sketches daily. In fact, he makes it a point to create one drawing every single day, and he's coming up on six years of daily output.

Using mostly fineliners and brush pens, he inks these images completely freehand, drawing from reference or imagination.

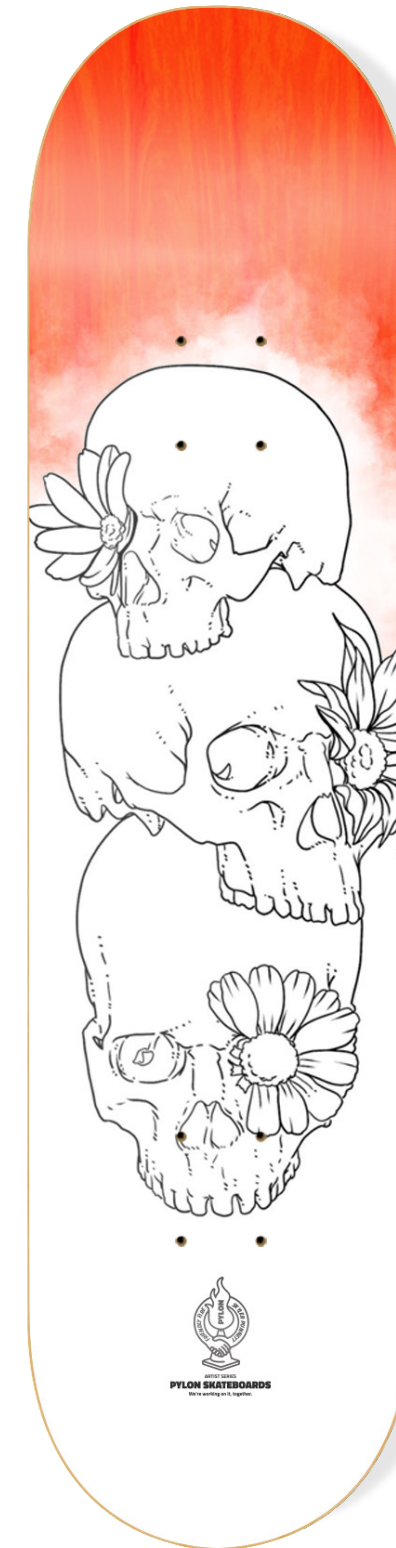

He posts his daily creations on instagram, so go check him out [@iamjamesorlando](#)
