

PYLLON

SKATEBOARDS

SPRING 2024

HERE COME THE FLAMES!

Welcome to Pylon Spring 2024.

There's many benefits to making our boards here in Canada; a low carbon footprint for raw materials, supporting a local economy and Canadian environmental production practices.

It ensures that throughout each year all the skateboards that are hitting shops are fresh, with optimum pop and maximum strength. It also allows us to support skate shops by avoiding undercutting, discounting and various other crapola in an already difficult time.

We appreciate your business and look forward to the year to come.

ARTIST SERIES

PYLON SKATEBOARDS

We're working on it, together.

FRIENDLY FIRE ARTIST SERIES: JAMIE MACPHERSON

Skin driller and all around creative killer, Jamie is the Owner of Hidden Dragon Tattoo shop in BC and the visual mastermind behind the most recent Bowl Series posters and animations. He nailed it with this 80's throwback inspired graphic... as well as the other two more traditional japanese graphics in the logo series.
